Your public library provides a wide variety of materials for all ages representing many different points of view. You have many kinds of resources available to you at the library: books, magazines, movies, music, games, databases, and the Internet. The collection may contain, or provide access to, some materials which you may find objectionable. We encourage parents to take an active role by helping children to select materials. It is not the library's role to decide what materials are appropriate for you and your family. All library users are eligible to borrow any library materials in any department. Parents may choose to limit their child's access to the Internet and/or music, movies and games in the adult/teen collection. Please indicate your preferences below. You may change these preferences at any time by contacting the Library.						
Does your child have permission to access the Internet?		Yes No				
Does your child have permission to borrow CDs, DVDs a	nd games from the teen/adult collection?	Yes No				

As a parent/legal guardian, I understand that I am accepting financial responsibility for the cost of materials borrowed by my child as well as any charges incurred. I understand that the Library is only collecting personal information about my child that is required to obtain a library card and that such information is accessible by all CLEVNET member libraries. I will notify the Library immediately if the card is lost or stolen, or if any of this information changes.
